

## A Lil Somethin on the Side

Author of The Color Between Black and White series and Hand Sewn Heart, gives us A Lil Something on the Side. A Lil Something on the Side is a funny, witty, relevant story that you will not want to miss! When Sunnie sends in some video clips of her ideas for a contest, she is unexpectedly given her own 3-minute segment on the local news. She brings her own sunny spin to the program, but not without some complications as a result. Romance sparks in more than one direction, as it seems that everyone loves Sunnies contagious personality, not just the audience. Sunnie must decide who she can trust, who her friends are, and who will expect her to compromise herself and her values for the sake of the ratings. How can Sunnie come out shining? With social media, is it even possible to come out sunny side up?
