

Clear Conscience

FYFIELD IS A WONDER . . . A very intricate and surprise-filled plot.--Los Angeles Times Book ReviewHelen West, Crown Prosecutor in domestic violence court, is working up a good case of burnout because justice-by-the-book seldom seems to do the women she represents much good. Helens love affair with Police Superintendent Geoffrey Bailey also seems to be losing its fire.Then, as if someone has designed a test case for her, Helen learns that humble Cath, her cleaning woman, is being beaten by her husband. Cath has no family--her beautiful brother, Damien, has recently been brutally murdered--so she needs all the help she can get. Helen is willing to give it.But as the truth of Caths young life, her marriage, and her brothers murder begin to take shape, piece by jagged piece, help and justice seem hard to come by . . . and may be forever beyond reach.Fyfield is a brilliant writer, her pen dipped in acid and moonbeams.--The Cleveland Plain DealerPowerful stuff . . . Compelling.--Kirkus Reviews
