

## A Day Late and a Dollar Short

Much-heralded and long awaited, Terry McMillans tour-de-force novel introduces the Price family-matriarch Viola, her sometimes-husband Cecil, and their four adult kids, each of whom sees life-and one another-through thick and thin, and entirely on their own terms. With her hallmark exuberance and cast of characters so sassy, resilient, and full of life that they breathe, dream, and shout right off the page, the author of the phenomenal best-sellers Waiting to Exhale and How Stella Got Her Groove Back has given us a novel that takes us ever-further into the hearts, minds, and souls of America-and gives us six more friends we never want to leave.
