

Walking With Rosa: Three Stories

Walking With Rosa brings three stories of wildness, longing, and the power of place. A middle aged man returns to his childhood home after personal tragedy to seek solace in a magical cave he discovered as a boy. A small town kid leaves home to make it big, but drops everything 15 years later to go on a wilderness walkabout of personal discovery, and comes across an unusual companion. A pioneer woman struggles to survive after the murder of her son and husband. With her eight year old daughter, life is a hard scrabble existence until a stranger with a dark past rides into her life.
