

Gray Magic

Third installment in the Stoner McTavish series, it sees Stoner and Gwen travelling to Arizona, after Gwen comes to her grandmother. Mrs Burton turns out to be far less tolerant to lesbianism than Stoners Aunt Hermione. In Arizona Stoner and Gwen are reunited with their friend Stell Perkins who is running a trading post while her cousin is in hospital. The Ya Ya sickness is randomly affecting women around the Hopi reservation. Superstition or reality? While Stoner has been living with Tarot reader and psychic Hermione since the age of 16, she is not a believer herself. However, Siyamtiwa, an old Hopi woman she meets in the desert, will take her into a voyage through magic and other worlds. Gray Magic is an entrancing novel full of deep thinking and humour. As per usual Stoner is over-thinking every detail in life, and her lover Gwen is here to keep her grounded, while Siyamtiwa is the wild card of the moment, wise and full of humour until the end.
