

## The Devil Is A Dermatologist

Valentines Day 2005 to Valentines Day 2006 was the funniest year of Angela Luceys life. It was also the year she had cancer, twice. Cancer gave her fear and sorrow but it also gave her smiles and giggles. This book approaches the cancer experience with side splitting humor and leaves the reader with an image of Jim Carrey as the cancer patient. Anyone who has ever had cancer or cared about someone who has had cancer will find this book resonates deeply in their funny bone. A place that cancer never really infects, but needs to.
