

## Bones of Contention (Dinah Pelerin Mysteries, Book 1) (Dinah Pelerin Mysteries (Audio))

[Read by Kate Reading]With her passion for mythology, Dinah tries to sort out the complicated song lines of her own ancestors while struggling to understand the Aboriginal Dreamtime and solve not one but two bizarre murders. -- The top end of Australia is a land teeming with crocodiles, poisonous snakes, and curious aboriginal myths. Its a strange place to choose to end ones life, but that is what Dinah Peleris wealthy American uncle has done. Dying of cancer, he has summoned his entire family -- current wife, ex-wife, assorted children, and niece -- to a remote, comfortless lodge where he intends to rewrite his will and commit suicide with the aid of a rogue Australian physician with whom he shares a mysterious history. Dinah sees this time with her uncle as a last chance to learn the truth about her father, who died while committing a felony when she was a child. But when she arrives, she discovers that the truth has darker ramifications than shed bargained for. Meanwhile, her artist brother thinks hes possessed by the snake god; her family is seething with resentments; her uncle, who isnt really her uncle, is obsessed by a woman he married but could never possess; and a man none of them claim to know is murdered on a nearby island, impaled on the back of a sea turtle.
