

You Are Not Alone: Michael: Through a Brothers Eyes

This is the truth as we know it. I have read so much about what people think they know about Michael, but this is about what really happened. Jermaine Jackson *You Are Not Alone* is an intimate, loving portrait of Michael Jackson, illuminating the private man like never before. It is an invitation into Michael's real character, private insights and hidden feelings: the innermost thoughts of a fiercely private individual. Jermaine Jackson knew Michael like only a brother can. In *You Are Not Alone* Jermaine brings light to the man behind the mask of superstardom, an identity that has lingered in the shadows for too long. *You Are Not Alone* is a celebration of the real Michael: the boy who shared a tiny bunkbed with Jermaine at 2300 Jackson Street, Gary, Indiana; the brother with whom Jermaine shared laughter, tears and memories; the boy who would grow up to become a legend. Raw, honest and incredibly moving, *You Are Not Alone* is also a sophisticated, no-holds-barred examination of Michael Jackson, aimed at fostering a true and final understanding of who he was and what shaped him. This is Michael Jackson - the man, not the legend - through a brother's eyes. If you love Michael Jackson, this is the only book you will want to read. If you think you know the Michael Jackson story, its time to think again.
