

Carnage on the Committee: A Robert Amiss/Baroness Jack Troutbeck Mystery (Robert Amiss/BaronessJack Troutbeck Mysteries)

As the judges of a literary prize chip away at the author list, someone else is chipping away at them....When the chairperson of the prestigious Knapper-Warburton Literary Prize dies in suspicious circumstances, Robert Amiss (the token sane member of the judging panel) wastes no time in summoning Baroness Jack Troutbeck to step into the chair. Speculation that a killer may be targeting the judges worries the baroness not in the slightest - its the prospect of immersing herself in modern literature that fills her with dread. But noblesse must oblige, even when it means joining the ranks of the supercilii sitting in judgement of the literati. With the baroness at the helm, the judges resume the task of whittling away at the short-list. But the killer, too, has resumed work and is whittling away at the judges one by one.
