

Chasing Down the Dawn

Welcome to a world set to the ever-changing rhythms of an artists life. In Chasing Down the Dawn, recording artist, actress, and bestselling author Jewel opens her intimate journals to create a vivid montage of the people, places, and relationships that colored the life she came from and have marked this past magical, turbulent, and ultimately transformational year of her life. Drawn from her remarkable chronicle of life on the road during the Spirit World Tour, this unforgettable collection of freeze-frames captures unusual images from Jewel's childhood in Alaska, her beginnings as a struggling artist, and her challenges as a daughter, sister and woman. Jewel paints an unblinkingly honest picture of the exceptional journey that carried her to the world's stage. With acutely observed, elegantly written depictions of the musicians, lovers, strangers, celebrities and other characters that inhabit the singer/songwriters world, Chasing Down the Dawn is more than a collection of vignettes, observations and stories. It is a finely wrought mosaic in prose and poetry, set to the rhythm of life.
