

Clara: Mrs. Henry Ford

Pick a good model and stay with it, Henry Ford once said. No, he was not talking about cars; he was talking about marriage. Was Clara Bryant Ford a good model? Her husband of fifty-nine years seems to have thought so. He called her The Believer, and indeed Claras unwavering support of Henrys pursuits and her patient tolerance of the quirks and obsessions that accompanied her husbands genius made it possible for him to change the world. In telling the story of Clara Ford, author Ford Bryan also charts the course of the growing automobile industry and the life of the enigmatic man at its helm. But the books heart is Clara herself-daughter, sister, wife, mother, and grandmother; cook, gardener, and dancer; modest philanthropist and quiet role model. Clara is newly revealed in accounts and documents gleaned from personal papers, oral histories, and archival material never made public until now. These include receipts and recipes, diaries and genealogies, and 175 photographs.
