

A Bonafide Detective

Its 1960. The Russians have nuclear missiles off the coast of Florida. The Sexual Revolution is about to send the world spinning. Intellectuals are predicting the death of God. All that aside, fifteen-year-old Dewey Doc Ruggles has real challenges to deal with. He needs to find a babysitter for his little sister, Snowball, so hell have time to solve his hometowns most chilling cold-case murder. Its his chance to be a local hero and attract evils opposite: true love. A chance sighting from atop a Catholic church is the break he needs. Knowing what he knows now, theres no turning back. If he wants to become a bonafide detective, hell need to outwit Junior Mentz, the towns psychotic bully, stop Cuban communists out to assassinate a future US president, and solve the riddle of a mysterious nun whos out to pull off a con of Biblical proportion. Then again, maybe hes imagining the whole thing. Sister Theresa doesnt think so. The problem is she may not be the best expert on reality. According to a local legend, she may already be dead.
