

## Fat Kid Got Fit: And So Can You!

When Bill Baroni was just twenty years old, he was convinced he was dying. He thought he was having a heart attack because it felt like he had an elephant sitting on his chest. It turned out to be only indigestion, but more than that, it was the wake up call he needed to save his life. Bill weighed 320 pounds and was hooked on junk food. He set about to change his life forever, and now in Fat Kid Gets Fit, he wants to help you do the same.
