

# Delusion

Emmy-winner Elm delivers another glitzy mystery based on the television news. When crime writer Kate McCusker arrives at a murder scene, the prime suspect, Jack Kane, views her as an ally, both personally and professionally. And as Kate finds herself at the center of opposing attentions between Kane and Philadelphia cop Mike Travis, she is caught up in an all-consuming web of intrigue--where only a high-tech peeping tom is tapped into the truth.
