

Desperate Measures

Traumatic events experienced during childhood can lead to serious consequences and character formation to a person. This is my life story, the struggles i had and went through starting when i was a child and until i became a wife to a loving husband and mother of two. The effects those bad experiences i had when i was a child was too hard to accept being diagnosed with a Dissociative Identity Disorder. Having this multiple personalities taking control of me and affecting my day to day life was difficult. How i struggle with this trials are greatly influenced by the people who cared for me and the people i care and loved in return.
