

A Marriage Sabbatical

This is the true story of Sabina Shalom who exchanged a brilliant single-life career for marriage and motherhood. After thirty years of making a home for her husband and their two sons, she felt frustrated in her role as live-in-maid and asked her husband for time off with pay! With a back-pack and only fifteen hundred dollars, she traveled fifty thousand miles alone around the world. Stranded in Iran, received by Indira Gandhi in India, she spent the night in a mud hut just a few miles from cannibal country in Papua-New Guinea. Granted an audience with the King of Tonga and trading her clothes for lodgings on Easter Island were some of her experiences that enabled her to rediscover new strengths and potential long since dormant in a marriage grown stale. But the adjustments the new liberated Sabina and her husband had to make upon her return home six months later, (and thirty pounds thinner) proved to be the most difficult part of her sabbatical. Ultimately their marriage becomes richer and stronger than either could have imagined. A Marriage Sabbatical is a fascinating and inspirational account of a middle-aged woman's extraordinary, lone, global odyssey in search of herself, told with warmth, candor, and good humor.
