

Four Corners Dark: A Collection of Short Stories

People Fear the Dark for a Reason A compendium of four grim, terror-inducing tales. Get your copy today Out in the darkness, the demons and horrors of our imagination become all too real. Of those brave enough to leave the light and plunge into the worlds dark corners, none come back unchanged. Some dont come back at all. Four Corners Dark offers up four very different tales of places where the darkness lingers, tempting you to step into the unknown. In these tales by storyteller William McNally, a group of Mexican immigrants place their trust in the wrong coyote, or human smuggler, only to find their very souls at risk. A huckster with the ability to escape trouble by jumping realities discovers he may have made one jump too many. Two proud new homeowners find out too late they share their property with the ghost of a vengeful witch, and one mans love for his son leads to a decision that changes both their destinies. Its easy to be brave in the light, protected by our warm, comforting electric light bulbs or the warmth of the sun. Only in the darkness do we discover the limits of our courage.
