

White House Nannies

As president of Washington's premier nanny placement agency, White House Nannies, Inc., Barbara Kline has spent the last twenty years handpicking and delivering nannies to elected officials, cabinet members, advisers to the President, and the media who report on their every move. In this hilarious account of her life in child care, Kline discloses the mayhem that ensues when these powerful parents find themselves at the mercy of tiny tyrants-and the nannies who offer their only hope of salvation. Offering an especially insightful insiders perspective, White House Nannies also addresses more serious questions, from what nannies really think of their employers and their young charges to the tricks of hiring a great caregiver for your family (Child magazine). In this very funny, very insightful, and very well-done (Kirkus Reviews) memoir, Kline casts a keen eye on one of the most complicated of relationships under the sun: that between extremely busy people and their nannies. Following the major events that launch powerful D.C. parents into parenthood (discovering they're pregnant; hiring a fabulous nanny; giving birth; hiring a second nanny in a pinch when the first one is nannynapped), this book goes behind closed doors in our nation's capital to reveal the laughter-and of course, the tears-involved when overworked professionals attempt to raise a child.
