

## Fleeing the Wolf: My Life as One of the Three Little Pigs.

Robena worked hard to build a home where she could hide safe and happy. That is what she wanted. To hide. But there was a wolf out there, out in the great wide world. This wolf crept to her home, slunk around it a few times, then started blowing. He huffed and he puffed and he blew the house down. Robena fled with her husband and children. They ended up safe at her father-in-laws. Safe. But what about hiding? And what about happy?
