

Babylonisch-Assyrisches Glossar (Gorgias Historical Dictionaries) (German Edition)

Ein handliches Wörterbuch, das als Hilfsmittel beim Studium des Assyrischen und Babylonischen dienen kann. Es beschränkt sich auf die wichtigsten historischen, juristischen, brieflichen und religiösen Texte sowie die lexikalischen Arbeiten moderner Gelehrter. Die assyrischen Wörter erscheinen nur in Umschrift und sind nach Stämmen geordnet. Das deutsche Wörterverzeichnis ermöglicht auch Nichtassyriologen, das Glossar für vergleichende Studien zu benutzen.
