Monsieur Lantin, a man who only makes three thousand five hundred francs a year, marries a young girl who seems to be a very virtuous woman, one that governs his household with such clever economy that they seem to live in luxury. However, good times do not last long. After his wife dies of inflammation, Monsieur Lantin finds it difficult for him to afford the ordinary comforts of life. He is soon reduced to absolute poverty. One morning, he decides to sell one of his wives jewels. Lantin goes to a reliable jewelry shop but comes back with astonishment and confusion. What has happened? The False Gems will tell you a carefully crafted story.
