

## Live Happy (damn it): A Memoir of Chronic Hope

Live Happy (...damn it) is a splendid journey of acceptance, tenacity, and resilience after life reveals its fist. On the brink of a promising post college career, Jennifer developed an autoimmune disorder that suddenly knocked her down. She writes of unremitting health challenges with boundless grace and wit; as she finds light in the darkest of moments and buoyant humor in the midst of kidney failure and kidney transplants. Her story is an inspirational gift proving that while life is a roller coaster, you might as well throw back your head, raise your arms, and experience the joy of the ride. Cramer-Miller exemplifies how we all should endure the lows, celebrate the highs and despite it all, Live Happy (...damn it).
