

Jim Reeves: His Untold Story

Velvet-voiced Jim Reeves was not only one of the worlds most popular recording stars, he was one of the most fascinating. Now, in this intimate and scrupulously well-researched 672-page biography, author Larry N. Jordan sets the record straight, dispelling rumors and misinformation that have swirled around Reeves for decades. More than 11 years in the writing, this riveting bio is based on hundreds of interviews with the people who knew Jim best, as well as his personal diaries. Jordans brisk, though richly detailed narrative style tells an engrossing story, taking you virtually day by day through Jims life. There are many intriguing - even explosive - revelations here, in a portrait that is honest, though sometimes painful; poignant, yet full of good humor. More than 150 rare (B&W and color) photos depict the private as well as public side of the unforgettable Gentleman Jim. Country Music People magazine says rarely can a book have been as eagerly anticipated as Larry Jordans Jim Reeves: His Untold Story. Billboard magazine praises it as a balanced account of Reeves life, and says that Larry doesnt put Jim on a pedestal.
