

Legacy of Secrecy: The Long Shadow of the JFK Assassination

UPDATED WITH DRAMATIC NEW REVELATIONS! The trade paperback has three new chapters, an expanded photo-document section, and updated text throughout, including the completed story of how three powerful Mafia bosses used John and Robert Kennedys top-secret plan of staging a coup against Fidel Castro to murder JFK. Documented from the National Archives for the first time is Watergate burglar Bernard Barkers decades-long work for the Mafia, even Barkers time aiding the CIA with the coup plan. Barker sold out the coup plan to his mob bosses helping to assassinate JFK, and forcing US officials previously involved with Barker to withhold key information from the Warren Commission. This cloud of secrecy surrounding JFKs assassination allowed two men who confessed to playing roles in JFKs murder to be free and aid in the assassination of Dr. Martin Luther King in 1968. The trade paperback also contains important new information about the FBI informant who obtained the JFK assassination confession of godfather Carlos Marcello, which the Bureau kept secret for twenty years.
