

Light Before Day

Adam Murphy, a twenty-five-year-old journalist, is chasing a career-making story of a serial killer preying on young gay men in West Hollywood when he is abruptly fired by the magazine that employs him. He soon learns his former lover has disappeared, but what hes about to uncover is far more diabolical than he could ever have imagined. Light Before Day is a riveting and complex mystery set against the gothic landscape that Rice has made his own.
