

Britney: Inside the Dream

Britney Spears - the Princess of Pop - is making a comeback, and there isn't a person out there who hasn't heard about it. In this, a fully up-to-date and authoritative biography, Steve Dennis reveals all there is to know about the much-loved star. Hitting our radios for the first time in 1998 with 'Baby One More Time', Britney Spears quickly became a pop idol. Now, at just 27 years of age, she has racked up five number one albums, seven top-ten singles and seven sell-out world tours, as well as having performed on stage with both Madonna and Michael Jackson. Just a decade after breaking onto the scene, she has become nothing short of a pop legend. Her private life, however, has not been so easy. In 2004 Britney famously married a childhood friend at The Little White Wedding Chapel in Las Vegas; since then her personal life has seemingly been thrown into turmoil. In the last five years she has had numerous failed relationships and endured a very public divorce and custody battle - all in the full glare of the international media. Drawing on exclusive interviews with those closest to the superstar, *Britney: Inside the Dream* is an engrossing portrait of a fascinating star. A frank biography, with no detail spared, it reveals the real Britney Spears, like you've never known her before.
