

Los hechos/ The Facts (Spanish Edition)

Los hechos es el vivaz e interesante relato de la vida de un novelista New York Review of Books Los hechos es una obra autobiografica nada convencional, que convence por su franqueza y por su capacidad de invencion. Philip Roth se concentra en cinco episodios de su vida: su tranquila ninez en los anos treinta y cuarenta; su preparacion para la vida norteamericana en un college en los anos cincuenta; su enredo pasional, cuando era un joven ambicioso, con la persona mas irascible que conocio en su vida (la chica de mis sueños, la llama el); su choque frontal, como escritor en ciernes, con la comunidad judia, que tomo a grave ofensa su libro Goodbye, Columbus, y su descubrimiento, durante los excesos de los anos sesenta, de una veta de su talento que no habia explotado antes y que lo llevo a escribir El mal de Portnoy.
