

Magical Thinking: True Stories

From the number-one bestselling author of *Running with Scissors* and *Dry* comes Augusten Burroughs's most eagerly anticipated collection yet: true stories that give voice to the thoughts that we all have but dare not mention. It begins with a Tang Instant-Breakfast Drink television commercial: Yes, you, Augusten. You were great. We want you. I can now trace my manic adult tendencies to this moment. It was the first time I felt deeply thrilled about something just a fraction of an instant after being completely crushed. I believe those three words We want you were enough to cause my brain to rewire itself, and from then on, I would require more than other people....- from *Magical Thinkings Commercial Break* A contest of wills with a deranged cleaning lady. The execution of a rodent carried out with military precision and utter horror. Telemarketing revenge. A different kind of roof work. Dating an undertaker who shows up in a minivan. This is the fabric of Augusten Burroughs's life: a collection of true stories that are universal in their appeal yet unabashedly intimate, stories that shine a flashlight into both dark and hilarious places. With *Magical Thinking*, Augusten Burroughs goes where other memoirists fear to tread.
