

Caring for People from Birth to Death

Discover the manual that will help you teach ministry students and effectively minister to people in all developmental stages! Caring for People from Birth to Death is a helpful resource for people who care for people. Each chapter describes a particular stage of development in the human pilgrimage from the preschool years to senior adulthood--from the cradle to the rocking chair. Guidelines and usable suggestions for a caring ministry are included in each chapter. In Caring for People from Birth to Death spirituality as it relates to the developmental process is explored by the contributors with a new section in each chapter that concerns the growth and decline of a persons spirituality throughout his or her life. Some of the issues you will explore in this new edition include: developmental theories and spiritual issues for every stage of life caring for the elderly through a team effort ministering to confused adolescents expanding your parishioners feelings of self-worth the fundamentals of teaching preschoolers about Jesus working towards spiritual growth in adult males Caring for People from Birth to Death is for seminary students studying developmental psychology and ministry, for CPE training programs, for pastoral counseling training programs, seminary professors, pastoral counselors, and church staff ministers. This concise handbook will help you quickly grasp the developmental issues people face and give you ideas on how the church can effectively minister to these folks. This book is updated from its original publication, and each contributors intrinsic style has remained intact for you as you explore and learn from this complete manual on ministering to your community members. Caring for People from Birth to Death offers you practical, ready-to-use strategies for understanding, taking care of, and ministering to people of all ages.
