

# Kaplan MCAT Critical Analysis and Reasoning Skills Review (Kaplan Test Prep)

More people get into medical school with a Kaplan MCAT course than all major courses combined. Now the same results are available with KaplansMCAT Critical Analysis and Reasoning Skills Review. This book features thorough subject review, more questions than any competitor, and the highest-yield questions available. The commentary and instruction come directly from Kaplan MCAT experts and include targeted focus on the most-tested concepts plus more questions than any other guide. Kaplans MCAT Critical Analysis and Reasoning Skills Review offers:

**UNPARALLELED MCAT KNOWLEDGE:** The Kaplan MCAT team has spent years studying every document related to the MCAT available. In conjunction with our expert psychometricians, the Kaplan team is able to ensure the accuracy and realism of our practice materials.

**THOROUGH SUBJECT REVIEW:** Written by top-rated, award-winning Kaplan instructors. All material has been vetted by editors with advanced English degrees and by a medical doctor.

**EXPANDED CONTENT THROUGHOUT:** The AAMC tests not only content knowledge, critical thinking, and critical analysis and reasoning skills, but also two other important scientific skills: research design and the execution of research, and data-based and statistical analysis. This book has expanded material to master these skills for Test Day.

**MORE PRACTICE THAN THE COMPETITION:** With questions throughout the book and access to one practice test, Kaplans MCAT CARS Review has more practice than any other MCAT CARS book on the market.

**ONLINE COMPANION:** Access to online resources to augment content studying, including one practice test. The MCAT is a computer-based test, so practicing in the same format as Test Day is key.

**KAPLANS MCAT REPUTATION:** Kaplan gets more people into medical

school than all other courses, combined.  
UTILITY: Can be used alone or with other companion books in Kaplans MCAT Review series.
