

Kindred in Death [With Earbuds] (Playaway Adult Fiction)

When the newly promoted captain of the NYPSD and his wife return a day early from their vacation, they are looking forward to spending time with their bright and vivacious sixteen-year-old daughter, who stayed behind. Not even their worst nightmares could prepare them for the crime scene that awaits them instead. Deena has been brutally murdered in her bedroom, and her body shows signs of trauma that horrify even the toughest of cops, including our own Lieutenant Eve Dallas, who is specifically requested by the captain to investigate. When the evidence starts to pile up, Dallas and her team think they are about to arrest their perpetrator; little do they know that someone has gone to great lengths to tease and taunt them by using a variety of identities. Overconfidence can lead to careless mistakes. But for Dallas, one mistake might be all she needs to serve justice.
