

Cut Short (DI Geraldine Steel)

In the tradition of Ruth Rendell, Lynda la Plante, Frances Fyfield and Barbara Vine, Cut Short is a gripping psychological thriller that introduces DI Geraldine Steel, a woman whose past is threatening to collide with her future. When DI Geraldine Steel relocates to the quiet rural town of Woolsmarsh, she expects to find her new home to be somewhere where nothing much ever happens; a space where she can battle her demons in private. But when she finds herself pitted against a twisted killer preying on local young women, she quickly discovers how wrong she is.... By day, the park is a place for childrens games, for people walking their dogs or taking a short cut to avoid the streets. But in the shadows a predator prowls, hunting for a fresh victim. When an unwitting bystander comes forward as a witness she quickly becomes the next object of his murderous obsessions; someone whom the killer must stop at all costs. DI Geraldine Steel is locked into a race against time, determined to find the killer before yet another naked corpse turns up. But can she save the lives of the towns young women?or will Geraldine herself become the killers ultimate trophy?What the Narrator SaysBecoming Geraldine Steel was fantastic fun. Shes a great, strong female character who takes you with her on dark journeys into the criminal world. She makes mistakes but she certainly fixes them with aplomb! Leigh has created a grimy world full of depraved and scary criminals but Geraldine and her colleagues (particularly the brilliant Ian Peterson), are determined to put criminals where they belong?behind bars. Cant wait for the next instalment... Lucy Price-Lewis on narrating the Geraldine Steel series.
