

Murphys Law (Molly Murphy Mysteries)

Murphys Law is the captivating first entry of Rhys Bowen's New York Times bestselling Molly Murphy series. Molly Murphy always knew she'd end up in trouble, just as her mother predicted. So, when she commits murder in self-defense, she flees her cherished Ireland, and her identity, for the anonymous shores of America. When she arrives in New York and sees the welcoming promise of freedom in the Statue of Liberty, Molly begins to breathe easier. But when a man is murdered on Ellis Island, a man Molly was seen arguing with, she becomes a prime suspect in the crime. Using her Irish charm and sharp wit, Molly escapes Ellis Island and sets out to find the wily killer on her own. Pounding the notorious streets of Hell's Kitchen and the Lower East Side, Molly makes her desperate mission to clear her name before her deadly past comes back to haunt her new future. *Murphys Law* won the 2001 Agatha Award and was nominated for the 2002 Mary Higgins Clark Award.
