

## Never Have Your Dog Stuffed: And Other Things Ive Learned

Hes one of Americas most recognisable and acclaimed actors - a star on Broadway, an Oscar nominee for *The Aviator*, and the only person to ever win Emmys for acting, writing, and directing during his 11 years on *M A S H*. Now, Alan Alda has written a memoir as elegant, funny, and affecting as his greatest performances. My mother didnt try to stab my father until I was six, begins Alan Aldas irresistible story. The son of a popular actor and a loving, but mentally ill mother, he spent his early childhood backstage in the erotic and comic world of burlesque and went on after early struggles to achieve extraordinary success in his profession. Yet, *Never Have Your Dog Stuffed* is not a memoir of show business ups and downs. It is a moving and funny story of a boy growing into a man who then realizes he has only begun to grow. It is the story of turning points in his life, events that would make him what he is - if only he could survive them. From the moment as a boy when his dead dog is returned from the taxidermists shop with a hideous expression on his face, and he learns that death cant be undone, to the decades-long effort to find compassion for the mother he lived with but never knew, to his acceptance of his father in him, personally and professionally, he learns the hard way that change, uncertainty and transformation are what life is made of, and the good life is made of welcoming them. *Never Have Your Dog Stuffed*, filled with curiosity about Nature, good humour and honesty, is the crowning achievement of an actor, author, and director, but surprisingly, it is the story of a life more filled with turbulence and laughter than any hes ever played on the stage or screen. Although it does list some of the famous women he has kissed Alan Aldas autobiography is no kiss and tell catalogue, but a quirkily funny, sharply observed account of an eccentric family and a very dramatic life.
