

## Survival of the Dangly Green Parrot Earrings

Go on a journey with one Anglican priests practice of ministry around the turn of the 21st century. Get a glimpse of the tough parts of the profession: bullies and trying not to become one, dwindling finances and too many buildings, how to let go and move on when leaving a parish. See the sacred too--being with people in lifes watershed moments when someone marries, has a baby, dies. A lot of the time the tough and the sacred come together in inexplicable and miraculous ways. Within these pages you will find heartwarming and honest moments filled with humor and tears, but most of all, with grace.
