

## Riding with Rilke: Reflections on Motorcycles and Books

Part travelogue, part ode to his bike and part literary criticism...a memoir infused with joie de vivre. Publishers Weekly In this joyful book (Booklist), archive diver and Ducati enthusiast Ted Bishop takes readers on an epic trip from Edmonton to Austin, through the classic landscapes of the American West, and to some of Americas and Europes most famous cities as he considers what it means to be a road dog and a researcher. Whether describing how he came to own a Ducati, debating the merits of D. H. Lawrences novels, relishing the outlaw thrill of cruising small American towns on his bike, or holding Virginia Woolfs suicide note in the British Library, Bishop easily blends his love of books and archives with his love of motorcycles and riding...an unusual combination...but one that ultimately works (Library Journal). A Playboy Best Book of 2006.
