

## Out of Reech

Half dead, but more alive than ever. Deviate in any way and Audrey dies are the words that cry out in Jacobs mind as he lies helplessly stuffed in the trunk of an unknown car. Out of Reech follows writing professor, Jacob Reech as he struggles to save his fiancée from being murdered by a man hell-bent on rewriting Americas history. With only an arsenal of wit, determination, and resolve, Jacob must lead a brazen group of men, dormant for years, to one of the nations most storied relics, the Washington Diamond. The problem is, however, he must find it first; its location hidden among four ingenious clues whose solutions will challenge any mind. A cryptic language, a crafty passphrase, a clever riddle, and a phantom message hidden within a file are the dots that must be connected in this 200 year old deadly treasure hunt. Help from the authorities, as Jacob learns, will only threaten him more as their involvement with the faction known simply as, The Movement, eventually surfaces. Only the secretive and dangerously enlisted help of Kyle Voelner, an underestimated student athlete, will determine the fate of Jacob and Audrey, and help preserve the nations profound history. Jacobs unknown journey spans from Michigan to Tennessee, and eventually piques the interest of Morton Caldwell, the President of the United States. In his lightning-fast race against time, Jacobs obedience to The Voice, the groups ruthless and unrelenting leader, and the answers to the four clues, are his only chance to once again see Audrey alive. In the end, however, he must face incomprehensible demons as one of the deepest betrayals cascades over his heart and soul.
