

Stream of Connections Through Power, Time, Space and Value: Second revised and extended edition

From the author of Marxian Theory and Socialism in Turkey and A Theory of Capitalist Urbanisation: David Harvey...

The book aims to show the main components and materials to develop a Marxist grand theory, preparing the foundations of its social dialectics, systematically but freely connecting time to space, history to geography within a conception of power and value... It is written in a stream of consciousness mode of thinking...
