

Sunglasses after Dark (Onyx)

Vampire turned vampire hunter Sonja Blue travels the globe, hunting down and disposing of those creatures of the shadows that prey on the innocent, all the while searching for the monster who created her. But as dangerous as hunting the undead may be, it's nothing compared to the threat posed by The Other, the demonic personality who shares her body. Can Sonja Blue overcome her very real personal devil in time to rescue an innocent man from the unholy clutches of a corrupt psychic healer? Originally published by Glenn Danzigs infamous Verotik Publications as a six-and-half issue miniseries in the 1990s, this compiled graphic novel edition is digitally recolored by original artist Stan Shaw (BILLY NGUYEN, PRIVATE EYE; GRENDDEL: BLACK, WHITE & RED; CHEVAL NOIR) and completely re-lettered. The original author, Nancy A. Collins (SWAMP THING, VAMPIRELLA, GOLGOTHAM) has also re-tweaked dialog and narration.
