

Between Boyfriends

In this sharp, entertaining, wry-but-tender debut, Michael Salvatore follows one mans search for the perfect boyfriend in a hilariously imperfect world. Single, slightly neurotic Steven Bartholomew Ferrante loves his sharp-tongued loyal friends, his chaotic job as producer for the daytime soap *If Tomorrow Never Comes*, and his crazy Sicilian mother, not necessarily in that order. Yet at thirty-three, his life is a little like the peppermint mocha coffee drinks that are his favorite indulgence---fun, frothy, but only superficially satisfying. Four years after his boyfriend kicked him to the curb, Steve is still trying to find a replacement. There's been no shortage of casual couplings and one night (or less) stands, but while other body parts are catered to, his heart wants something more. Someone to share sexy Sunday mornings and shopping trips to buy unnecessary kitchen appliances. Someone he can trade knowing smiles with while dishing with his crew at their favorite Chelsea haunts. Somebody to love. And maybe hes finally found it. Because if Stevens learned one thing from *If Tomorrow Never Comes*, its that every storyline has its twists---and the beauty of living spoiler-free is that you never know whos waiting on the wings.....
