

The Big Love: A Novel

Alison Hopkins isn't just looking for Mr. Right . . . or even Mr. Big. She's holding out for the Big Love. When 32-year-old Alison's first real boyfriend unceremoniously dumps her - he steps out to buy mustard for a dinner party and never returns - it's time for Alison to reassess her lifelong search for romantic fulfillment. Does true love even exist? Is every romantic involvement with a coworker inevitably doomed? Does sex without commitment always lead to disaster? Is a girl's evangelical Christian upbringing an impediment to her finding true happiness? Funnier than any chick-lit, as poised and accomplished as any literary debut this year, *The Big Love* is a big-hearted, hilariously entertaining novel that readers all across America are falling for.
