

## Life Is but a Dream

What is a dream? It is not necessarily wishful thinking or hoping for a better tomorrow; it is about living your best life now. Its the expression of your heart, mind, body, and soul. The truth that life is but a dream was accomplished through author Lesia Dunns son, Erwin. Life Is but a Dream is an inspiring and breathtaking chronological biography of Erwins battle with acute lymphocytic leukemia from his diagnosis at ten months old to his death at age fifteen. Through Lesias firsthand account, you will follow the Dunn family and witness Erwin fight the good fight of faith, never giving up on his Creator throughout his affliction. If you have ever had to deal with the tragic loss of a child due to cancer, this book is for you. In Life Is but a Dream, witness how this family came together and never once lost their faith in the Lord throughout the trials and tribulations of Erwins illness.
