

## The Iron Girl: A Jane Lawless Mystery

Ray Lawless, prominent defense attorney and father of Minneapolis restaurateur Jane Lawless, tries his biggest case yet defending an accused serial murderer and arsonist whom the media has dubbed The Fireman. Rays client is eventually convicted and sentenced to two consecutive life sentences, though he proclaims his innocence to the end, and a few days later, he kills himself in his cell. But someone in The Firemans life cant let go, and, blaming Ray for the mans death, plots a meticulous revenge. Both Jane and her brother Peter, who is already under terrible stress because of a troubled marriage, feel the heat of the avengers plan. But Jane is intimately familiar with danger, and shes never been one to shrink from a fight. With the help of her best friend Cordelia, Jane sets out to discover why this person is so determined to undo her family. When she begins to dig into The Firemans life, the puzzle unravels, leading Jane to a final confrontation with someone bent on making the Lawlesses pay, perhaps with their lives. Immaculate Midnight is a taught, dynamic installment in an award-winning series.
