

## The Naked Path: Shedding the Mask

Can you distinguish reality from other dimensions? Dreams from visions? The Naked Path follows the authors journey into worlds unknown as she battles demons of the underworld and learns to navigate herself through her waking world, continuously transforming into numerous shapes, though none are her own. Is she brave enough to walk this path alone, to save not only her world from total destruction, but her very soul? Is she strong enough to silence the demons that screech out to her every night? As her world comes crumbling down around her, theres only one path to freedom. A path shrouded in mystery. Only the brave who can hear the call can unravel the mystical and magical wisdom of The Naked Path.
