

## Murder In Texarkana:: The Monomyth Killer

Eddie Halverson has completed his freshman year of criminology studies at The University of Texas. He has also completed a 48 hour training program granting him a license as a private investigator in Oklahoma and Arkansas. He spends his summer investigating a serial killer who uses Joseph Campbells Monomyth as the M.O. for his murders. This is the most twisted murder case he has investigated to date. More than he ever bargained for when he agreed to take on paying the debt for his great grandfathers old detective agency. Will he be able to catch the killer? Or will this pursuit cost him his life?
