

The Uncensored Bible: The Bawdy and Naughty Bits of the Good Book

We all know the story of how Eve was created from Adams rib. But what if, perhaps, rib was a mistranslation and the body part she was really created from was Adams penis bone? This would explain why human males dont have such a bone, unlike other male mammals. Thats only one of many surprising and fun biblical twists readers will encounter in The Uncensored Bible. Here readers will learn that King David swore like a sailor, mandrakes were the biblical equivalent of Viagra, Cain was depressed, and Josephs coat of many colors might have actually been a dress (which may explain why his brothers picked on him). Authors Kaltner, McKenzie, and Kilpatrick bring some of the most outrageous speculations about the scriptures to lightall based on legitimate scholarshiprevealing a stranger, bawdier side of the Good Book. The Uncensored Bible is a shocking, hilarious, and thought-provoking collection of the most recent, compelling, and racy interpretations of the Bible from the newest voices of Bible scholarship.
