

Hidden on Golden Rule

All that stands between Kelli and her children's safety is a relentless predator. And it's up to her alone to keep this ruthless stalker forever at bay. *Hidden on Golden Rule* is the debut work of fiction by the author Chunie that mixes high suspense with the harrowing prospect of child abuse in a gripping chronicle of flight and salvation. As the novel opens, Kelli finds herself again packing for yet another move, and hoping again that this will be the last time she has to pull up stakes and start anew. Since her husband Joels' death left her to raise their children, the young widow's struggles have only intensified. Someone hacked into her checking account and has withdrawn all her funds. Now, during the packing, a shoebox of Joels' is uncovered, and the contents reveal that there was far more going on than Kelli could have ever suspected. More disturbing still, her neighbor Ralph has spotted a man watching Kelli's empty house. Kelli's friends attempt to track her stalker, with only a partial license plate number and decal to go on, while she herself hires a private detective to sleuth out her mysterious antagonist. With plot twists and unnervingly plausible events, *Hidden on Golden Rule* delivers a chilling cautionary tale that will leave readers enthralled, and ever appalled by the peril that may just lurk outside anyone's front door.
