

My Lost Brothers: The Untold Story by the Yarnell Hill Fires Lone Survivor

Brendan McDonough was on the verge of becoming an inveterate heroin addict when he decided to enlist in Granite Mountain, an elite hotshot crew of wildland firefighters based in Arizona. Thanks to his crews firm but loving encouragement, McDonough made the cut and battled many extreme blazes alongside his newfound brothers, receiving a life with purpose as part of a team. Then, on June 30, 2013, during a fire at which McDonough was serving as lookout, a freak inferno trapped and killed all nineteen members of his crew. My Lost Brothers traces McDonoughs minute-by-minute account of witnessing his fellow hotshots brave, selfless battle -- as well as its aftermath.
