

## False Witness

A head teacher is bludgeoned to death and a volatile black teenager is arrested: as far as DCI Thackeray is concerned, that's it, case closed. But when his long-term girlfriend, Laura Ackroyd, begins digging into the case for a newspaper article, some disturbing facts come to light and the case against the accused youngster unravels at an alarming rate, leading Thackeray to wonder if there could have been a sinister reason behind the youths speedy arrest. It soon becomes clear that Peter Graves was a widely disliked man - unpopular not just with troublesome students but also with many people in the town. The list of possible suspects is far from slender. The dubious investigation and resulting arrest begin to appear increasingly flawed the closer Thackeray looks.
