

Three Weeks with My Brother

In January 2003, Nicholas Sparks and his brother Micah set off on a three-week trip around the world. It was to mark a milestone in their lives, for at 37 and 38 respectively, they were now the only surviving members of their family. As Nicholas and Micah travel the globe, the intimate story of their family unfolds in the details of the untimely deaths of their parents and only sister. Against the backdrop of the wonders of the world, the Sparks brothers band together to heal, to remember, and to learn to live life to the fullest.
